Precautions

1. Please note that the LED garage light cannot be used outdoors because the lamp holder is not waterproof.

2. When using the garage light, please wear gloves and do not touch it directly to avoid burns.
3. Because our garage light is very bright, in order to protect your eyes, please do not stare at the light for a long time.

If you have any questions, please contact us at the first time via the E-mail on the user manual. Our professional customer service team will reply you within 24 hours and provide you with timely help.
